RAILWAY RATES.

The report of Mr. Cooper and the other members of the special committee sent from London to investigate the affairs of the Central Argentine Railway shews what a lamentable error the various British companies who own railways in this country have made in attempting to place their tariffs and earnings on a gold basis. The report of the Platense Steamboat Co., last December, was precisely to the same effect, namely that by increasing the passenger rates the Co. had seriously diminished the traffic. Mr. Cooper goes so far as to say that bullock-carts are now successfully competing with the railways, and that the rise in fares by the Central Argentine is viewed with much dissatisfaction "because the people continue to think in dollars."

He might have added that all of us have to think in dollars. What would the public of Buenos Ayres say if we were to raise the monthly subscription of the STANDARD from 1½ to 5 dollars a month, in order to keep up to the gold equivalent?

The principal merit of a railway is utility, and when bullock-carts are found preferable it is a sign that the mission of the railway is not fulfilled. Shareholders in London seem to say that they have no other end, aim or ambition but to earn a high dividend; that they care little for the crisis or the depreciation of currency. They send orders to their managers in this country to keep on raising the rates. They play more or less the part of an Irish landlord, who says he must have his rent whether the tenants are able to pay or not, throwing all the odium of the proceedings on the agent.

What are the results of this insane method of increasing railway tariffs? That the Central Argentine and the Great Southern lines last year showed a decline of traffic, and these were for many years the most prosperous in the Republic.

If the Directors in London take our advice they will at once instruct their managers in this country to return to the old tariffs of 1884. By this means they will not only help us through the crisis, but also promote a great increase of traffic.

The bullock-carts mentioned by Mr. Cooper ought to make an impression on the minds of the London Directors. They are, he says, taking away some of the traffic of the Central Argentine. We need hardly say that when a railway finds itself unable to compete with bullock-carts it stands condemned.

Railways must necessarily play so important a part in the commercial life and development of a country that the Directors are bound in honor to consult the public needs. At the present time it is impossible for the Argentine Republic to pay tariffs on a gold basis. Unless the tariffs now in force be speedily reduced 50 per cent we may see public discontent resolve itself into a petition to Congress. The unfortunate managers are made, under the circumstances, to bear all the blame, whereas they probably agree with us in thinking the rise of tariffs a fatal error. The real culprits are the Directors in London, who live on turtle and champagne, while the Argentine Republic is going through the most tremendous crisis of the 19th century.

THE COMING WINTER.

There is at present a large number of persons out of employment, many of whom are on the brink of starvation and suffering bitterly from the cold weather which has already set in. No fewer than 700 persons had been received into Major Barritt's Night Shelter down to the 30th ult. Numbers are also permitted to sleep in the empty railway waggons. This is sufficient proof that the ordinary resources of the charitable associations of our city are utterly inadequate to meet the requirements of the hour.

We observed a few days ago that the crisis has more or less paralysed some of the best charitable societies in Buenos Ayres. We know as a positive fact that an Anglo-Porteña lady two years ago left a sum equivalent to £200,000 for the poor of the city, but the legacy cannot be made effective until times improve, as the executors are unable to sell her property. In the meantime the sufferings of the poor increase day by day, and it is imperative for the Government to take steps in the matter.

Soup-kitchens and Night-refuges are sorely needed, especially for poor foreigners. Major Barritt has shown practically how the task is to be undertaken; and we hope that many of our readers will subscribe a dollar a month to the good work that he has in hand. It has been our painful duty, before now, to record the death of starving British subjects in the empty water-pipes at the Recoleta. Every effort should be made to prevent similar occurrences this winter.

But it must be remembered that there are numbers of poor Italians and Europeans generally who are no less entitled to commiseration. If the Government would only establish Soup-kitchens and Night-refuges for their relief it is probable that the millionaires of our city would subscribe handsomely for the purpose.

We see on all sides so many splendid palaces and costly equipages that there seems no reason why so many hundreds of people should be left in the direst misery. Empty railway waggons are but poor shelter against the cold of winter. If the Government will do nothing it would be advisable to call a public meeting at the Opera House or some other of the city theatres to get up a fund for the relief of the sufferers.

There never was a time in our recollection when so many thousands of people were out of employment, and this is a very serious matter. Only last week 450 men were dismissed from the San Isidro brickworks. Building has been almost stopped by the crisis, and other industries are in a similar position. In every block of our city you see the ominous words *Se Alquila*.

In this state of affairs the working-classes suffer severely, and something must be done for them, and done promptly.

THE WHEAT QUESTION.

For the last three weeks the consignees and dealers in wheat, as well as city millers, have been much frightened at the proportions of a propaganda in certain quarters to put a tax on the export of wheat, or perhaps even prohibit the exportation of the cereal. To make matters worse, it was announced that this proposed tax on wheat had been discussed in Cabinet Council and that the Minister of Finance had reserved his vote and opinion until fresh light had been thrown on the question. The millers and grain merchants then came forward; they drew up a short and very deficient document, as no accurate figures could be drawn up on the spur of the moment, and presented same to Minister Lopez. Our readers are no doubt aware that the propaganda in favor of the export tax arose from the increasing dearness of bread in this city at a moment when mammoth shipments of the grain were sent to Europe: people immediately jumped at the conclusion that all the wheat was leaving the country, that very soon no stock of same would be left, and that bread would rise to famine prices in winter.

We beg to agree with the grain merchants and millers that there is still a very large stock of wheat in the country; not only is this fact proved by approximative figures published in documents and in the press, but it is a well-known fact that wheat has been hoarded for some time past in the rural districts. First and foremost, the farmer has not been able to send all his wheat to market, owing to the chronic shortcoming in the means of transport. The railways have not been able for the task, and will never be able for same until they undertake to provide extra rolling-stock for certain seasons of the year. Secondly, the farmers have a keen eye to business, like any other folk; like many other people they have been speculating on the prospects of the currency crisis: in the belief that the Government or Congress would resort to fresh issues of paper money to save the State banks, the wheat farmers and others have hoarded grain as another issue of paper would entail a heavy rise in the gold premium and a collateral advance in the price of wheat. In the absence of statisttcs no accurate figures of the stock of grain are forthcoming, but the above considerations are convincing, and we may be certain that there is still much wheat in the country. To quote one instance, we happen to know that in Chivilcoy alone 300,000 bags of wheat are stored; there is still a heavy stock in Entre Rios.

Both millers and exporters urge that an export tax on wheat would be disastrous to the production of the Republic. Farmers, they say, have coined money this year and have ploughed up enormous areas of land for wheat cultivation. A stoppage of the wheat export would considerably injure prices and deter many from sowing wheat on any considerable scale. Such is the demand for sowing purposes to-day that seed-wheat is selling in this market at $15 per 100 kilos. Wheat prices can only rise to a certain limit; once they pass that limit wheat will flow into the country from all parts. Should flouer, however, rise considerably, the Government might repeal the import duty of 5 cents per 10 kilos, and this would cheapen the article immediately in the emergency. These are the opinions of the majority of corn-merchants, exporters and millers in this city, stripped of all figures, which are likely to be considered misleading, in the absence of official statistics.

IMPORTANT FROM ENGLAND.

London, April 9th.

The Empress Frederick left Buckingham Palace yesterday, on her return to Germany. Her Majesty travelled by special train from Charing-cross to Port Victoria, where she embarked on the Royal yacht Victoria and Albert, which will sail this morning for Flushing.

A telegram from Simla says that no doubt exists that Mr. Quinton and the other British officers and civilians who were captured at Manipur have been murdered by their captors. It is reported that fresh fighting has occurred near Manipur, and that another officer has been killed.

The terms of Prince Napoleon's will were made known yesterday. He reproaches his wife, denounces his eldest son, and, except a few legacies, leaves all his fortune to Prince Louis. The latter, at the close of the reading, embraced his mother and brother; and he has declared his intention of dividing the property equally with his brother and sister. The executors are said to oppose this proposal, as defeating the intentions of the testator.

The Russian Government have appointed a commission to inspect the defences of the following places, viz., Odessa, Nicolaieff, Sebastopol, Kertch, Aerdiansk, Mariopol, Saganrog, Rostoff, Poti and Batoum.

The Russian cruiser Nijni Novgorod left Odessa yesterday to convoy to Vladivostock railway plant and two hundred engineers and workmen for the Siberian Railway.

The market might have closed fairly good throughout, but for the Reuter's telegram announcing the bankruptcy of the National and Provincial Banks in Buenos Aires; for that, in plain English, is the meaning of the suspension of the payments of deposits. The Argentines are going to treat creditors all round to the new form of 'moratoriums' invented by the London Committee. "We cannot give you cash—not even Bank notes, but here are Bonds, payable at a future date." "It is an excellent device, and will relieve the situation," say, naturally enough, the sponsors of the Committee's plan. It would be interesting to hear what they might say, if their own bankers tried them with the same formula. The truth is that, as we have said over and over again, every day emphasizes the bankruptcy of Argentina, and sets in a stronger light the inadequacy of the "plan." It was a plan that had for one of its objects—if not its chief one—to bring about a pause, during which the big houses might "get out" at the expense of the public. If the gold premium had gone down, as was hoped and predicted; if Argentina had kept up a show of sending cash for the Coupon Bonds and the 1886 Loan, the market might have taken the unplaced slices of Loans on hand. But none of these things happened, and the "Bateman Legacy" with its "£2,000,000 more to spend," about which a discreet silence is now kept, marred the plot at the outset. The Argentine Government did its best to assist the plan, by sending all that it could raise from the Banks now pronounced insolvent to pay the January coupons. That done, it relied on the Committee, and the Committee could not send it a shilling. Nothing remains to be done now but to acknowledge facts, and to go back and begin again where we should have begun at first—find out what Argentina could do. To-night prices were 2 to 6 lower nominally for all the Loans which cannot be dealt in, and the 1886 Loan, where the speculation is, fell at one time to 70, but closed at 71, or 2½ lower, the fall having brought in "bears" to close. In all other Argentine issues dealings may be described as impossible. The jobbers will not buy, because they cannot sell again. Cedulas, National and Provincial, fell 1 to 1½, and Buenos Ayres Provincial Loans dropped 3 to 3½. Entre Rios and Santa Fé issues, as a matter of course, were put down with the rest, and Uruguay Stocks left off 1 to 1½ lower, at 48½ and 52.

New York, Wednesday night.

The cause of Mr. Barnum's death was old age, as he had no organic disease. For twenty-one weeks he had been struggling against death. His death was painless. For several hours before his death he was unable to speak, but he gave occasional glances of recognition to the friends around him.

The "Greatest Show on Earth" will be continued, as three million five hundred thousand dollars are invested in it. According both to Mr. Barnum's will and the articles of partnership with Mr. Bailey, who has been responsible for most of the business done in Mr. Barnum's name in recent years, a generous provision has been made for all dependents. His chief heir is a grandson, who will have a fortune that is estimated at five million dollars.

Some rioting has accompanied the Municipal elections in Chicago. There were five candidates for the Mayoralty, and the Democrats dispute the declared return in favour of the Republican. On Tuesday, in one of the street fights, a ticket-pedlar was killed, and a riot in another Ward resulted in serious injuries to several people.

Simla, April 8.

No doubt now exists here that Mr. Quinton and the other British officers and civilians who were captured at Manipur have been murdered by their captors. A letter from the Jubraj himself states this.

A messenger from the Rajah is now on the way from Manipur to Kohima.

A report has come that fresh fighting has occurred near Manipur, and that another officer—who is presumed to be either Lieutenant Grant or Captain Presgrave, the latter being in the command of the relief detachment—has been killed.

Rangoon, April 8.

A messenger sent to Manipur by the Deputy Commissioner of Kohima has arrived at Loonedzama telegraph station, bearing a letter to the Viceroy from the Maharaja. Messenger told Loonedzama telegraph officer that Quinton, Skenc, Grimwood, Cossins, Simpson, Melville, and Signaller O'Brien were dead, but he may have spoken from rumour only, and telegraph officer does not appear to have asked him any questions. The letter cannot reach Kohima before 9th instant.

A further telegram has been received from the Government of India, stating that Lieutenant Grant belongs to the 12th Madras Infantry, and not to the 4th Goorkha Regiment, as formerly reported.

ARGENTINE FINANCES.

(From the "Daily Oracle.")

When it was announced a few days ago that the signature of the contract between the Argentine Government and Messrs. Morgan and Co., representing the London Committee, had been completed, there was a general expectation that some definite light would be thrown on what had been done by the Committee, and what the "plan" definitely concluded between the Committee and the Government would consist of. There are

VERY CRUDE NOTIONS.

even now with regard to what has been arranged. The general impression has been, and is, that the 1886-7 loan, secured as it is on the Customs, is to be taken care of, the interest and drawings being provided in cash. Then it is understood that all other Federal Government obligations and railway guarantees are to have their service deferred for a period of three years, scrip being given in exchange for coupons and drawn bonds for that period; but it is even now not clearly known what other loans and guarantees are definitely covered by the plan. Yesterday Messrs. Morgan issued a notification with respect to the Argentine funding scheme. The particulars vouchsafed were

MEAGRE TO A DEGREE.

The first fact elicited, however, was that there is an issue of 75,000,000 gold dollars, or £14,880,000 sterling, Six per Cent. Gold Funding Loan of 1891, secured on the Customs. This loan is to be used for retiring coupons and drawn bonds of existing loans. The new Funding Loan is to have interest payable quarterly, at the offices of Messrs. Morgan and Co. The loan, of course, is

NOT ISSUED ALL AT ONCE.

It will be issued gradually during the three years, and the process to be adopted with regard to those loans which will have the coupons or drawn bonds paid in scrip of the new Funding Loan, instead of in cash, is that holders will present coupons at the agents of the loans who have hitherto done the encashment. Such agents will give a receipt, and the recipient of the receipt will present it at the offices of Messrs. Morgan and Company, to be exchanged for scrip of the new Funding Loan of 1891. The only mention of the loans to which this funding of coupons and drawn bonds is to be applied is, as we have said, certain Government loans, and it may be useful to set these things out, with the amounts at present outstanding:—

	£
6 per cent Loan, 1881....	485,040
5 per cent Loan, 1884....	1,539,900
5 per cent Northern Central Extension.....	3,883,800
5 per cent Treasury Conversion	604,150
4½ per cent Internal Loan, 1888	3,847,640
4½ per cent Sterling, 1889	5,480,580
3½ per cent Hard Dollar, 1889	2,600,440
Buenos Ayres 6 per cent, 1824	292,700
Buenos Ayres 3 per cent, 1857 ..... t.	26,500

All the above are national loans, and it will be noticed that the 1866-7 bonds secured on the Customs loan, £7,863,900 outstanding, are excluded. Many people are asking the question about

THE SPECIAL HYPOTHECATION OF THE CUSTOMS REVENUE.

The 1886 bonds are secured on this; these 1891 bonds are also so secured; and, lastly, the paper issue now being floated in Buenos Ayres, and euphemistically called the "popular" loan, are also to be secured on the Customs. Now, there would be no injustice to the 1886 bonds if they have a first charge on the Customs, the 1891 loan a second charge, and the popular loan a third charge; but what is not quite certain is whether the Argantine Government means to give a first, second and third charge, or simply to lump the whole into one.

LATEST FROM BAHIA BLANCA.

Bahia Blanca,
4th May, 1891.

On Sunday morning Bishop Stirling held a Confirmation Service at Bahia Blanca, when eight youthful candidates presented themselves. Before performing the holy ordinance, his Lordship made a suitable address to those who were about to be confirmed, enlarging upon the true felicity resulting from a life of faith and charity, and the reverse effects from a life of selfishness and sin.

The Bishop also conducted the evening service. Before commencing the sermon, his Lordship remarked what a pleasure it was to find a nucleus of English-speaking people desirous of coming together periodically for public worship. We are (he said) looked upon by the people of this country as a rich and an energetic race. We construct railways, docks, etc.; our vessels are connected with the greatest amount of produce which caters or goes out of the country: yet, when we come to church work, what do we shew? His Lordship wished it, however, to be distinctly understood that he was not desirous of discouraging the congregation; on the contrary, he wished to encourage them to the utmost of his ability, and to this end he intimated that he would make a report to the Church in England with a view to their assistance to maintain a clergyman permanently at Bahia Blanca.

FOOTBALL.

BUENOS AYRES *v.* QUILMES.

This match was played on Sunday last at Flores under Rugby rules. The weather proved propitious for the occasion, the sun shining out brightly all the afternoon. The ground was graced by the presence of a fair array of ladies, but the attendance on the whole was meagre. Punctuality is evidently not rigidly observed by footballers, for, although 2 p.m. sharp was the advertised time for commencement of play, hostilities did not begin until half an hour later. Quilmes being lucky with the spin of the coin Rooke kicked off; R. W. Anderson dropped back into touch at half way, and scrummages in mid field followed the line out. The Quilmes forwards broke through smartly, and gradually forced play down into the home half, the visitors showing to better advantage in the packs. A good run by Jones varied the fierce forward rushes made by both sides. A free kick to Buenos Ayres was taken by R. W. Anderson, but no advantage resulted. Bennett dropped out, and, after some give and take play, Fothergill passed to Bennett, who galloped round the Buenos Ayreans and crossed the line, but the place kick was unsuccessful. The Buenos Ayrean forwards now seemed to wake up to the necessity of using their full force in the packs, and they carried several scrummages in succession and gained considerable ground by loose rushes, and half time arrived with the ball in the Quilmes twenty-five. R. W. Anderson set the ball in motion after the teams had changed ends, and scrummages by the forwards and long dropping by the backs occupied the attention of the players for some time. Eventually the Buenos Ayreans succeeded in breaking through the pack and rushed the ball into their opponents' quarters where Corry Smith picked up and passed to Goodfellow, who put in a capital run and secured a try for the Home Team which was not improved on; after some good runs made by Quilmes, a free kick for Buenos Ayres was converted by R W. Anderson. Neither side scored again, and the whistle was blown with the ball in mid field. Buenos Ayres thus won by 1 goal and 1 try to 1 try. The defeat of the visitors was undoubtedly due to the backs not passing; several were evidently more used to Association than the Rugby game. The brunt of the battle devolved entirely on the forwards; Fothergill, who has a reputation, never getting a chance. For Quilmes, Bennett (back) played magnificently, never letting a chance slip—his tackling was unerring. The forwards gave a good account of themselves. For Buenos Ayres R. W. Anderson, Webster, Jones, (2 backs) were fast and clever, doing all that came in their way with remarkable accuracy and finish. Baikie and Plews (½ backs) did all that was required of them and did it well. G. Anderson and Goodfellow distinguished themselves forward. Mr. G. M. Woodgate and Mr A. Lace were the touch judges and Mr. J. M. Mullaly was the referee.

Thanks are due to the energetic Secretary of the B. A. Football Club, Mr. R. W. Anderson for the completeness of the arrangements made for the comfort of the players. A commodious room was amply fitted with all necessaries incident to the occasion.

The teams were, Buenos Ayres—Mayne (back) Webster, R. W. Anderson and Jones (2 backs) Baikie, and Plews (½ backs) Goodfellow (Captain) Corry Smith, G. Anderson, Bowman, MacKinnon, George, Kennard, Cumming and Duncan.

Quilmes—Bennett (back) Fothergill, H Anderson and Disbrowe (2 backs) Steed and James (½ backs) Robinson (Captain) Pennington, Rooke, Ricketts, Crawford, Brown, Permain, Colley and Cullar (forwards.)

ST. JOHN'S F. C. *v.* JUVENILE F. C.

This match was played on Saturday, 2nd inst., on the ground of the former and resulted in a victory for the St. John's by two goals to none. The boys of the Juvenile Club deserve special mention for the creditable manner in which they played, considering that their opponents were almost all over 15 years old, while the eldest in the Juvenile was only just that age. In the first half Dawney scored for the St. John's, and although the Juvenile forwards made great efforts to score, they were unsuccessful, and after changing ends Kyle added another score to the St. John's, leaving them victors by 2 goals to 0. For the Juvenile McKechnie played a splendid game, and was well assisted by Torre and Martindale, while Kyle, Dawney and Pott were the pick of the St. John's.

The teams were as follows:—

St. John's F. C.

Reynolds (goal) N Forrester, C Wilson (backs) Ibbetson, Reynolds and another (half-backs) Pott, J Forrester, J Kyle, Dawney and E Forrester (forwards.)

Juvenile F. C.

McKechnie (goal) Amilien, J Turner (backs) R Turner, B Brown, Arnold (half-backs) G Martindale, F Brown, Torre, Baldock and E Froggatt (forwards.)

SOUTH AMERICAN TRADE.

(From the N. Y. "Comm. Bulletin".)

Washington, Feb. 24.

The bulletin of the Bureau of American Republics, which has just been issued, contains the latest statistics of trade with the Southern countries, many of which have not yet been published. The figures do not show that our imports from the Southern countries have materially increased within the past few years, but they shew some increase in our exports to them. The following table exhibits the imports into the United States from the countries named and the exports from the United States to those countries in 1890:—

	Imports, $	Exports, $
Mexico.	22,700,000	13,300,000
Cent. America	8,100,000	5,300,000
Cuba.....	57,900,000	15,400,000
Colombia.....	3,400,000	2,600,000

THE BUENOS AYRES ROWING CLUB.

Mr. Editor,

This Club which, by its tendencies and the results which have followed, is, and should be, cosmopolitan, for some time past, putting aside dry abstract questions, has been changing into questions of politics and nationality.

Lately, through the medium of the Press, there has been a rising of the Anglo-Criollo element to prevent the German element from "acquiring a preponderance in the Club"—a course that was never attempted.

Although I am not a German, a sentiment of justice induces me to oppose charges that are unjustly being made against a group of members who have never given cause for complaint to the Committee, but who, on the other hand, have contributed money, time and trouble towards the progress of the Club.

For the past four years there has no been a single German on the Committee.

Amongst the incidents and questions that arose and were debated at the three most numerously attended meetings for years held in the Club, at Messrs. Bullrich's and in the Scotch Church Schoolroom, not a single German took the slightest part, nor in the latest incident either.

In the lists of candidates for the new Committee published some days since not a single German figured; but it is not too much to say that it would not be a calamity to the Club if they again formed part of the Committee as formerly, because they have always been elements of order and of progress.

No German member has ever been in arrears with his subscription, nor has any been suspended or expelled for this or any other reason.

"Give Cæsar that which is Cæsar's."

I now appeal to the Conservative element in the Club to assist in counteracting and conquering the evil tendencies which I have pointed out, remembering that, if this be not done, the only result will be a loss of members to the Club, to the advantage of the other Clubs.

We wish the Club to be the means of amusement and not of fighting: *Rowing* not *Rowdy* Club.

RAILWAY ITEMS.

The Accountant's office of the National Railway Board have drawn up an exhaustive statement of the liability of the Government for the current year for the guarantees on the different railways enjoying sums, as well as an approximate statement to be paid in 1892. These particulars were asked for by the Minister of Finance in consequence of a communication received from the financial agent in London. We trust that Dr. Lopez will have the data, which must be interesting, published.

The National Railway Board have at present under consideration the account for the guarantee on the East Argentine Railway for 1890, £67,517 6s 10d., and that of the Argentine Great Western for half-year ending 30th April ultimo, £71,746 7s 8d.

The National Railway Board accountant's office is drawing up an important report on the accounts of the Argentine Great Western Ry. for 1888.

The Government has approved the plans presented by Messrs. Meiggs, Son and Co., relating to the rolling-stock for the Bahia Blanca North-Western, in accordance with the opinion of the Public Works Department.

The Central Argentine have received permission to open the bridge over the Santafecino Western line at kil. 8 of the Peyrano branch to public service.

The Engineers' Department has reported favourably on the petition of the Rio Negro Salt Company asking permission to build a mole at the end of their line at San Blas.

The Government have approved the draft contract for the construction and working of a railway from Villaguay to Mercedes (Corrientes) with branches to La Paz and Concordia, of which Messrs. Carlos Fernandez and Co are the concessionaires: this railway is to enjoy a guarantee for 20 years of 5 % per annum on a maximum kilometric cost $22000 gold.

The post of 2nd class engineer in the Railway Inspection Office being now vacant, the Public Works' Department has proposed sub-inspector technical engineer, R. Walter for the position, and mechanical engineer Nicolas Nocetti to replace Sr. Walter.

EDITOR'S TABLE.

The Gold Eagle screamed again yesterday as if he had escaped the influenza and soared as of old. Some news from London not of roseate hue was said to be the cause. Everybody seems to be going cracked on the subject of finance shinplasters, moratoribus, Bonds, funding schemes etc. etc. With grateful feelings we see that our London colleagues are beginning to crack jokes about moratoriums and the Bateman Legacy. This is a happy sign. "Castigant ridendi."

The thermometer was again so "slumpish" (this queer word is the invention of one of the most staid of our London colleagues, not ours) yesterday that everybody was muffled up, and five miles an hour was the walking pace of brokers and others who wear out shoe-leather in the chase for daily bread. The result was several collisions. We saw a nice old buffer run into, and he took five minutes to recover his wind.

Our readers, we doubt not, are now preparing for to-morrow's meeting at Hurlingham. Good wine needs no bush, and the meetings at Hurlingham require no recommendation at our hands: By the way, the meeting announced for the 25th has been postponed till the 28th (feast day) so as to avoid clashing with the charity meeting at Palermo.

The Rev. Mr. Spanger has opened a Night Refuge for the very poor in Rosario. The newly established soup kitchen is also proving an immense boon not only to the poor but many socially above them who have been placed in straitened circumstances by the crisis. Rosario seems to have now for Mayor a man of the stamp of the late Don Torquato de Alvear. The *Argentine News* says:—"Those who were unfortunate enough to walk up Calle Paraguay in the middle of the storm on Sunday last, must have encountered Dr. Carrasco our Lord Mayor, in top-boots and storm gear visiting and inspecting the gratings of the new drains, and clearing away much of the rubbish with his own hands. This is the kind of man required to hold a public post, a man whose honest intention is to do his work satisfactorily and win the good opinion of the taxpayers."

During their "paseo" on Sunday and Monday in Charity's cause the Italian Ocaranisti Society collected $2647; and an immense quantity of clothes, wine, beer, comestibles and valuable trifles worth money. President Pellegrini gave $50 and General Mitre $30. The Society was frequently cheered in the streets. In Calle Libertad a fellow on the footway called them "a pack of thieves" and was immediately knocked heels over head with a terrific box in the face by an indignant bystander.

We are asked to remind our dancing friends that the Cinderellas will commence with their usual punctuality at 8.30 p.m.; also to inform subscribers that no ticket will be valid unless the names of the guests are duly filled in.

The news from Chile is that several members of the Diplomatic Corps in Santiago are mediating to bring about a cessation of the civil war, and are likely enough to succeed. So may it be. The Hotel de Ville in Santiago has been destroyed by fire, strongly suspected to have been intentional.

Coats, waiscoats and trousers continue to pour in on us for the Naposta colonists in such generous profusion that they are now rigged out as regular swells. Amongst the kind contributors yesterday were Mrs. Nettleship, Mrs. Pearson (Calle Corrientes) G. L. (A German), Mrs. Catalina S. de Cash and Mr. St. John Oswell, all of whom we beg to thank most sincerely on behalf of our distressed countrymen. They want, however, six more pair of trousers, and they will pray for the donors.

We also beg to thank Mr. G. Hunt of Belgrano for his generous subscription of $50 to the fund for sending home the dismissed workmen of the Madero Port.

The Rev. M. P. Ferguson, M.A., will preach on Sunday 10th inst. at the Estancia Santa Elena at 4 p.m.

Major Barritt requests us to say that after the 10th of this month the address of the Salvation Army Head Quarters will be Calle Chacabuco 1488, to which address all parcels of clothing and food for the poor should be addressed. All correspondence as heretofore should be sent to 422 Casilla del Correo. The good work is so rapidly growing and developing that the Major found it absolutely necessary to seek for larger and more commodious premises.

How History is written. The *New York Herald* (London Edition of April 5th) enlarges as follows:—

"Mr. Cleary took an opera company of 50 people to South America last spring, and piloted them through the Argentine Republic, Uruguay, and Brazil. When the company was about half-way between London and its destination, the population of Buenos Ayres rose and began to kill itself off. The city was in mourning of the deepest dye when Mr. Cleary arrived, the theatres were closed, business of all kinds was suspended, and the rattle of musketry was sufficiently frequent to make cold perspiration a very common form of complaint. Anyone but the genial and witty empresario would have concluded at once that English light opera was no wanted in Buenos Ayres. Being a man of infinite resource he called upon the President of Argentina, whom he had met under less warlike circumstances, and explained to him that the people needed distraction, and that he had the exact variety most in demand. The President caught the idea. Mr. Cleary opened the largest theatre in Buenos Ayres with "The Mikado." His only difficulty for several nights was to keep the people away: had the the theatre been twice as big he could have filled it."

The bulletin sent to us yesterday by the National Labour Office at the Retiro shows that in the past two day 125 people obtained employment of various kinds through its agency. It has now 600 places offering. In Tucuman from 300 to 400 hands are asked for monthly, for the cultivation of rice, tobacco and sugar-cane, the wages being from 15 to $25 a month with food, and $45 without it. An apothecary's assistant and three carpenters are also required. There seems to be a great demand for shoemakers, of whom the Office wants no fewer than sixty eight.

We should, perhaps, ask the pardon of the girls and eligible widows in society for publishing the following paragraph from *Export and Finance*, as it is highly likely to cause a tumbling-over-each-other exodus to the Great Republic of all the good-looking bachelors in town: "Ever since the Duke of Marlborough espoused the wealthy American widow, Mrs. Lilian Hamersley, foreigners have been looking toward the United States with longing eyes. Some of our Spanish-American gentlemen might be dazzled if they were informed that there are ten New York ladies who are reputed to own two hundred millions in their own right, and some of these women are still eligible for the bonds of matrimony. Some of the figures given by a well-known club man are as follows:—Mrs. Marshall O. Roberts, $10,000,000; Mrs. Frederick Neilson, $5,000,000; Mrs. Hicks-Lord, $5,000,000; Mrs. William Astor, $60,000,000; Mrs. W H Vanderbilt, $35,000,000; Mrs Mary G Pinckney, $10,000,000; Mrs William Lynch, $10,000,000; Mrs Paran Stevens, $10,000,000; Mrs. August Belmont, $15,000,000, and Mrs. Hetty Green $40,000,000."

It is significant of the superior common sense of the English working classes that, while their fellows in most Continental countries were rioting on May Day, they made their demonstration in good order, and will probably attain their legitimate ends much sooner than the others.

The owner of one of the finest estancias in the Pampa Central paid us a visit yesterday. He reports the camps down there as very dry, but the flocks, herds and horses in fine condition. The Bahia Blanca and North Western Railway is now open to Jucal, that is engines are running, and passengers and goods are also take. The diligences from the Rio Negro, Rio Colorado, Acha and Victoria all make for Jucal station, some of them landing there daily as many as thirty passengers to take the train. The population of that distant district are very anxious that Government should officially declare the line open, and it is expected that the traffic would then double and treble. Our informant says that the civility and disposition to oblige of all the officials and employees of the new line is very conspicuous. The estancieros of that region, by using this new route and steamer from Bahia Blanca, can now send their produce to Buenos Ayres at 50 per cent less gold freight than by the Southern Railway, besides gaining one day's time in the transit.

Messrs Spiro Mugaro and Co. have sent in a petition to the National Government for permission to work for their own account the national products of the Southern Coast included between degrees 44 and 53 south.

The Sub-Prefect of Port Buen Suceso has advised the Government that the French scientific party were attacked by a large body of Onas Indians near San Pablo. Messrs H. Rous

ENGLISH LITERARY SOCIETY.

NOTICE.

A Special General Meeting will be held in the Society's rooms, Calle Cuyo 732, on Friday May 15th at 8.30 p.m.

Business.

To elect a President, a Vice President, ten members of the Committee, and three Suplentes, the Committee having on the 22nd day of April 1891 passed the following resolution:—
"That in view of the alleged irregularity of the election of the new members of this Committee, and in order that there should not be the slightest question whether these members were legally elected or not, this Committee hereby resign, and agree to submit themselves to re-election by another General Meeting hereafter to be called."
Mr. W. G. Bulfin has given due notice to the following motions:—
1—That the part of Statute 9 after the words "have given" on line 7, be substituted by the following:—
"Written notice thereof to the Secretary who shall place it on the notice-board 10 days previous to the day fixed for said Meeting."
2—That Rule 23, as it now stands be erased, and the following adopted in its stead:—
"A General Meeting shall be called by a notice posted on the notice-board, and advertised in such of the Buenos Ayres daily papers as the Committee may consider necessary for at least seven days previous to the day fixed for the Meeting. Such notice shall state the business for the transaction of which the Meeting is called."
3—That in Rule 24 the following addition and alteration be made:—
The insertion of the following sentence after the word "Meeting" on line 6:—
"When it has once been ascertained that a quorum is present, the subsequent proceedings of the Meeting shall be legal, notwithstanding that the number of members present at any time may fall short of the quorum originally required."
Also, the erasement of the words "then present" on line 7 between the words "not" and "the," and the insertion therein of the following:—"Present within the time above specified."
4—That on line 5 of Rule 31 the word "previously" be changed for the following:—"Previous to the day fixed for said lecture, essay, or debate.

WINTER DRAPERY.

We beg to inform our customers that we are now fully prepared for the Winter Campaign, have recently greatly enlarged our premises, and but a few days since received the very newest style in ladies' trimmed hats and bonnets; also untrimmed in straw and felt. Feathers, wings, ribbons, etc. for trimming.

Exchange is reported weak, the rates being 471-4d., and 4.38-5 francs.

National Bank cheques are quoted at 15 % discount. We heard of a business done to-day at 10 %, but the amount was small, which accounts for the rates.

Business at the second hour was much on the same lines as that of the morning, and rumours of emission were still afloat, though nobody knew anything definite in this respect. The rise in gold and National Bank shares was, however, considered most significant, and probably is the source of the revival of the cry of «wolf.» Had the bank shares declined there might have been no alarm. The ounce rose as high as 59.70 and closed with buyers at 59.30, giving an equivalent of 3044, whilst sovereigns closed firm at 18.70. National Bank shares held up at 32, but Catalinas, Constructors and Cedulas were weak especially the latter. The O series closed at 38.30 and the N at 38.50.

The following is a summary of the business effected in stocks and shares to-day at the second ring :—

Sovereigns—
May 6..... £4,690 at 18.50-70-60-70

South American Ounces—

May 6....G 7,100 at 39
May 6....L 104,850 at 46-45.70-46-45.80
May 6....M 36,100 at 38.80-38-38.20
May 6....N 47,650 at 38.80-20-50
May 6....O 45,000 at 38.70-30
May 6....P 27,500 at 40.50-80-50

Among the many plans of relief drawn up to save the Provincial Treasury, the latest ingenuity is to turn the La Plata Port to some profitable account. The National Government is resolved that in the future all those vessels that do not enter the Buenos Ayres Docks shall load and unload at La Plata. A meeting of railway managers will also be held to discuss the best measures to facilitate the conveyance by train of the goods and produce to and from the La Plata Port.

The Pacific packet Britannia arrived at Coronel from Valparaiso on the 2nd inst. and is expected in Montevideo on the 11th.

There was some sign of activity in the South Market this morning, the sale being effected of 10,000 bags of wheat from the south of the province at $13 m/n, 'al barrer,' that is to say, everything in, good and bad. Two other lots were also sold, both from the south, one at $14 and the other at 14.60 put aboard the lighter for export. In the Once several sales were also reported effected.

Advices from the Rio Colorado announce that the syndicate which purchased, some two years ago, 70 leagues of National land between the Colorado and Rio Negro, are about to start a scheme for irrigating the land, having made a contract for the purpose with Mr. C. M. Godoy. The works will be started almost immediately, and extensive «alfalfares» will be formed with a view to exporting this article on a large scale. When the irrigation scheme is a practical reality, the whole face of the country will be changed.

Advices from the Pigué colony announce that in spite of the damage caused to the wheat crop by the drought, the yield is estimated at 40,000 fanegas, which will swell to 300,000 fanegas in the coming crop, if the circumstances are only moderately favourable. The Pigué wheat is one of the best in the market, and trials made with beet-root and dupolos have also given such excellent results that they will be now tried on a large scale.

The s.s. Hellenes arrived at Montevideo to-day with 2500 tons of cargo for this port; mails by river packet.

The movement in the Central Produce Market yesterday, May 4th, was as follows :—

Arrivals : 60 wagons with 280,200 kilos of wheat and 5600 kilos of maize. Total weight, 285,800 kilos.

The Custom House receipts to-day were as follows ;—

	$ m/n
Imports	$92,593.33
Exports	3,721.82
	$96,315.15

The total receipts since beginning of year amount to $122,048.73 gold and $15,432,236.87 paper.

Just published.

The new and enlarged edition of Mulhall's Dictionary of Statistics is now being issued by Messrs. Routledge and Sons, London, in monthly numbers, price half-a-crown. The first number appeared in January, the work to be completed in 10 numbers. Each number has a full-page diagram frontispiece, the book being uniform in type and appearance with Chambers Encyclopedia. It is the largest and most comprehensive work of statistics yet published in any language, embracing all subjects and all countries.

Messrs. Jacobsen expect the first and second numbers shortly.

El Recreo, Azul, Marzo 3 de 1891.

Srs. AGAR, CROSS & CO., Calle Defensa 136.

Muy Señores Mios,

Tengo el gusto de comunicar a Vds. que las 4 maquinas de Esquilar sistema Wolseley me han dado un resultado satisfactorio y no quer a darles este informe hasta no haber concluido con la esquila de borregas. La maquina trabaja bien, esquilamos con facilidad cualquiera oveja por mas fina y arrugada que sea: saca mas lana que la tijera y tiene la ventaja de no cortar, pero si en algunos casos rasguña descuidandose el esquilador. Estas l stim duras sanan facilmente, y se ha en cada vez menos cuanto mas practica se adquiere. No he notado que se me hayan muerto animales por esta causa,

Convencido de su eficacia pienso colocar doce aparatos para la proxima esquila y creo poder hacer facilmente el trabajo con ellos. Puedo asegurar a Vds. que los esquiladores mas torpes aprenden facilmente, prefiriendolas a la tijera.

Pueden Vds. darle la publi idad que gusten.
